

Community Starts Here!

The Town Club of Mountain Lakes was established in 1959 with a mission to build and maintain a strong community. Fifty-six years later—we're still doing exactly that. We are a social club that welcomes newcomers and provides daytime and evening events where residents can get to know one another. At the same time, we're a philanthropic organization that raises thousands of dollars a year to grant to local organizations in need of a helping hand.

Get to know us. A strong Town Club is at the very heart of a strong Mountain Lakes community.

Town Club awarded more than \$24,000 in grant funding to these community organizations in 2016. Your club membership, project participation, and support of our fundraising events made this possible.

Thank you!
